# 2021 APAI AWARD WINNERS

## QUALITY PAVING AWARDS

Commercial paving projects are an important part of an asphalt contractor's work. This award recognizes high quality projects as judged by a group of peers and a special traveling team. Rated on items such as surface appearance, joints, edges, degree of difficulty and texture, these award-winning projects represent the best commercial projects in the state.

## QUALITY MANAGEMENT ASPHALT (QMA) AWARDS

Building on the success of the Quality Management Asphalt Program, this award recognizes the great degree of work that goes into building a quality pavement on the primary and interstate system. Smoothness, quality control, density results, and physical appearance all go into the overall ratings for the projects submitted in these categories. The winning pavements are considered the best-of-the-best, indicating that they are not only smooth but exhibit characteristics that produce long-lasting hot mix asphalt pavements.
